

Postpone Announcement for

Natural & Nutraceutical Products China Shenzhen 2022

Dear Exhibitors, Visitors, Partners and Fellows,

Due to the recent unstable COVID situation in China, and after abiding by the guidance of the People's Republic of China government departments, **Natural & Nutraceutical Products China Shenzhen 2022** originally planned to be held on 14-16 December 2022 at Shenzhen World Exhibition & Convention Center will be postponed. We will try our best to make proper arrangement and announce the new opening date once confirmed.

We will continue our efforts to organise Natural & Nutraceutical Products China Shenzhen and integrate all our high-quality resources to make the show connecting the upstream and downstream of six major industrial chains, including hotel catering, coffee baking, commercial space, customized decoration, nutrition and health, and lifestyle to create more trade opportunities for exhibitors and visitors to the show.

We sincerely apologize for any inconvenience caused. For those who have already completed visitor registration, your tickets will remain valid. Meanwhile, kindly pay close attention to our official websites (www.hncexpo.com/sz/) and get the latest updates at the first time.

We look forward to seeing you next year.

Best Regards,

China Chamber of Commerce for Import & Export of Medicines & Health Products
Shanghai Sinoexpo Informa Markets International Exhibition Co., Ltd.
