SHAPING THE FUTURE WITH INNOVATION

From **June 15 to 17, 2026**, the "**Healthplex Expo 2026, Natural & Nutraceutical Products China 2026**" (**HNC 2026**), co-organized by CCCMHPIE and Sinoexpo Informa Markets, will be grandly held at the National Exhibition and Convention Center (Shanghai). As a premier trade show in the health and nutrition industry that has been successfully held for fifteen editions, HNC has consistently served as the preferred platform for brands and manufacturers to broaden market reach, gain insights into industry trends, develop diversified distribution channels, and stay updated on policies. Driven by innovation, the exhibition continues to lead the high-quality development of the industry.

The HNC 2026 will feature a variety of highlights. The organizers will invite professional buyers from across the entire industry chain at home and abroad, including agents, distributors, importers and exporters, health brand enterprises, e-commerce platforms, etc. Meanwhile, the exhibition will further enrich the exhibit categories, comprehensively covering popular segments such as nutraceuticals, natural products, imported dietary supplements, foods for special medical purposes, TCM & tonics, beauty and anti-aging products, sports nutrition products, weight management products, aromatherapy, pet nutrition products, and healthcare supplies, aiming to meet the purchasing needs of different types of buyers.

HNC is dedicated to creating a professional and efficient business platform for exhibitors, facilitating the launch of new products and technologies. It will also host multiple professional forums and seminars concurrently, inviting renowned industry experts to provide in-depth interpretations of policies and market trends in the health industry. Furthermore, HNC will offer a precise business matchmaking platform where the exhibitors connect with a wide range of channel resources, including e-commerce platforms, MCN agencies, top influencers, high-end membership-based supermarkets, chain pharmacies, group purchasing buyers, etc., to enable companies to expand markets and establish a closed-loop marketing system.
